
Invigorating Shampoo (IS)
Purifying Shampoo (PS)**NIGHT****NIGHT**

Directions for use:

- Shake well before use.
- Apply shampoo to wet hair and lather.
- Massage* gently in a circular motion, focusing on the scalp.
- After two minutes rinse thoroughly with cool water.
- Towel dry hair.

Important notes: Use PS on alternate nights with IS.

Warnings: Store between 5° to 28°C (41° to 84°F), keep out of direct sunlight, discontinue use if irritation occurs, avoid contact with eyes, keep out of children's reach.

Treatment Hair Tonic (THT)**NIGHT**

Directions for use:

- Shake well before use.
- Shampoo and towel dry hair.
- Spray evenly on scalp.
- Massage* scalp to help penetration of tonic into hair roots.
- Do not rinse.

Important notes: The suggested amount of product to use per application is 1.5ml (approx. 7-10 pumps), which should cover the entire scalp. Apply THT every night.

Warnings: Store between 5° to 28°C (41° to 84°F), keep out of direct sunlight, discontinue use if irritation occurs, avoid contact with eyes, keep out of children's reach.

Pro-D'modex Treatment (PDT)

Directions for use:

- Shake well before use.
- Spray directly on upholstery and personal care items.

Warnings: Store between 5° to 28°C (41° to 84°F), keep out of direct sunlight, avoid contact with eyes, keep out of children's reach.

***Recommended Scalp Massage:** Gently apply a light pressure to scalp using fingertips and release. Repeat this movement approximately 15 times, alternating your fingertips between up and down movements and circular motions.

General Tips For Healthy Hair

STOP BAD HABITS

- Reduce sedentary lifestyle, smoking, alcohol consumption, sleeping in late, stress and pressure.
- Do not share your towels, hair styling tools, or any other items that have come into contact with your head and face.
- Reduce consumption of fried and oily junk foods.
- Decrease the frequency of chemical colouring, the use of hot hair tools and do not use low quality shampoos.

FOLLOW GOOD HABITS

- Change your pillow cases regularly and air dry bedding in sunshine.
- Wash hair in warm water, then rinse in cool water every night before bed.
- Make scalp massage a regular habit, especially after applying hair tonics.
- Get at least 8 hours of sleep a night.
- Drink 6 to 8 glasses of water a day.
- Try to do regular exercise, take time to relax and have fun!

Optional Extra:

High Frequency Instrument (HFI) – Recommended.

It is advised that this technology is NOT available for purchase from UNGEX Pty Ltd.

RECOMMENDED DIRECTIONS FOR USE:

1. Clean and sterilise the HFI before use. (Sterilise with PDT).
2. Switch on and apply the small ball tipped attachment (comb attachment can be used for those with extreme hair loss).
3. Brush HFI in a massaging motion over a clean dry scalp, concentrating on areas with hair loss or thinning.
4. Adjust the intensity of the frequency to your personal preferences (low, medium or high, depending on your tolerance for the HFI).
5. Do NOT use a stabbing motion to begin massage and do NOT leave HFI in one specific area of the scalp for more than 10 seconds.
6. Adjust the intensity to 0 before you turn off the HFI and remove attachment.
7. Sterilise with PDT after use.

Safety warnings:

Please refer to High Frequency Instrument's user guide for specific warnings

Care Plan:

Please be informed that to achieve the most beneficial results your care plan should last a duration of 2-3 months. This will require you to purchase 2, 3 or more Essential Kits. Product capacity time varies, depending on length of hair and severity of condition.
